The Story

Our company was founded by people who are striving to introduce their own unique and innovative ballpoint pens onto the market. Quality is a big word for us. Over the course of 25 years, we designed and implemented 31 basic models and hundreds of custom made pens with our Clip4You technology.

DreamPen consists of 100% Polish capital. It is a family company at its core, which makes it stable. We are forward thinking with plan investments many years ahead. Based in Zielona Gora, we are located 150 km away from Berlin, which is strategic for the European market. Browse through our catalog of quality pens and pick your next favourite.
